

## Contracts & Grants Accounting Home Page

---

Welcome to the University of Alabama in Huntsville, Office of Contracts & Grants Accounting! We are located in Shelbie King Hall. We hope you find our website helpful, informative and easy to navigate. On this site, you will find links to information as to how the agencies are distributed among the accountants in C&G, a list of responsibilities for C&G, a list of forms and other information commonly needed and contact information to the department. If you should have any problems with our site, please let us know.

The Contracts & Grants Accounting Department handles the accounting functions for all research contracts & grants awarded to UAH. We are a sister department of the [Office of Sponsored Programs](#), working hand in hand with contract administrators to oversee that all financial aspects of the contracts are fulfilled on both the University's and the agency's part. The volume of work and information flowing through our department makes C&G a fast paced office. We are a service to the University and are happy to help with any account questions or concerns. Please feel free to [contact us](#) at the information below.
